

A STATEMENT
WORTH MAKING

COMMERCIAL WIND & SOLAR SOLUTIONS

“Our customized solutions allow you to surpass your sustainability goals, making it easy for you to go green, while serving your bottom line.”

- Nick Blitterswyk, CEO

Demonstrate Your Commitment

Our wind and solar solutions are a visible statement of your commitment to the environment.

Unrivaed Service

From concept through completion, we will work together to tailor a solution that is right for you. Local UGE Partners will install your system and provide service throughout its lifetime.

Custom Solutions

Our versatile systems include our industry-leading small wind turbines as well as solar power, outdoor lighting solutions and the Sanya Skypump, our EV charging station co-developed with GE.

Financial Sense

Regardless of the project size, we will custom-design the right hybrid solution for your site that keeps your stakeholders happy.

HOW IT WORKS

Site Assessment

Contact us for a site assessment. Our UGE Partner network spans the globe; we will work with you to analyze your needs and answer all your questions.

Customize Your Solution

Following a site assessment, your local UGE Partner will guide you in determining the appropriate wind/solar system to match your energy requirements.

Permitting & Installation

Our certified installers will see your project through from concept to completion. Leave the details to us.

Sit Back & Watch

Your new energy system will demonstrate your commitment to going green, as it offsets your consumption. **viewUGE™** software allows you to monitor energy production and consumption in real-time from anywhere in the world.
