WIND & SOLAR SOLUTIONS FOR YOUR HOME

“By bringing the solution to you, UGE delivers energy independence to homes around the world.”

- Nick Blitterswyk, CEO

## Minimize Your Impact

Capture the energy that is freely available from the wind and sun, and reduce your impact on the environment.

## Take Control

Producing your own energy allows you to choose clean, renewable energy.

## Save Money

With the ever-rising price of electricity, it will be a relief to take charge and lower your utility bills.

## Live Off the Grid

Our hybrid solutions allow you to live off the grid and overcome unreliable energy sources. Keep the power on.

# HOW IT WORKS

## Site Assessment

Contact us for a site assessment. Our UGE Partner network spans the globe; we will work with you to analyze your needs and answer all your questions.

## Customize Your System

Following a site assessment your local UGE Partner will guide you in determining the appropriate wind/solar system to match your energy requirements.

## Permitting & Installation

Our certified installers will see your project through from concept to completion. Leave the details to us.

## Online Monitoring

Our **viewUGE™** software allows you to monitor how much energy you are producing and consuming in real-time from anywhere in the world.

## Sit back & Enjoy

Take comfort in living green and saving money as your home becomes the envy of the neighborhood.
